AUDITORIUM RENDERING

The wonder and joy we feel being members of Crossroads Community Church has brought a great change and blessing in our lives. The teachings and community have nurtured and reinvigorated not only our own spiritual growth, but also our dedication to helping others and spreading God's word. Working alongside the church's partnerships within the community, we have been inspired to continue looking for more ways we can continue to do God's good work by serving others. ~ Nick & Sherri

AUDITORIUM RENDERING

STUDENT SPACE RENDERING

For years we looked for a church that would feel like home. From day one, Crossroads helped us grow in our relationship with Christ while opening up opportunities to serve God in ways that would glorify Him instead of ourselves. Because Crossroads has so many opportunities, our kids, who are in completely different age groups, have also grown in Christ with their own opportunities to serve. We have met, worshipped with, laughed with, and cried with so many people who are just like us. We may not have it all figured out, but we love God. How could it NOT feel like home? ~Jason & Jen
